REVENUE OVERSIGHT COMMITTEE

JUNE 7 MEETING HELD

The Revenue Oversight Committee held its second meeting of the interim on June 7 in Helena. Items considered at the meeting included the adoption of a study plan for the study requested under Senate Joint Resolution 14; discussion of the study requested in House Bill No. 704; other studies to be considered by the Committee during the 1985-86 interim; the implications of the U.S. Supreme Court decision regarding the taxation of royalty payments to the Blackfeet Tribe; and a request by the Montana Beer and Wine Wholesalers through the Administrative Code Committee for the Department of Revenue to prepare an economic impact statement for an administrative rule being proposed by the Department.

The issue commanding the most attention during the meeting was the situation of motor vehicle fees, i.e., the additional fees adopted in HB 870 and in SB 142 and the unintended consequences of repealing the inflation adjustment to the basic vehicle license fee. The discussion of this issue culminated in the unanimous adoption of a motion to request that a special session of the Legislature be called to rectify the situation.

The next meeting of the Revenue Oversight Committee will be September 6, in Helena.

LEGISLATIVE AUDIT COMMITTEE

ACTING AUDITOR APPOINTED

At its meeting on June 28, The Legislative Audit Committee appointed Scott Seacat as Acting Legislative Auditor, effective July 1. Legislative Auditor Robert Ringwood has retired. The Committee set the following schedule for the search for a new Legislative Auditor:

July 3 through July 21	-	Advertise the position
July 26	-	Deadline for applications to be postmarked or received
July 31	-	Committee will meet to review applications; select finalists
August 23 (tentative)	-	Interview finalists; offer position

ADMINISTRATIVE CODE COMMITTEE

RESULTS OF JUNE 29 MEETING

The Administrative Code Committee met on Saturday, June 29. The Committee considered a recommendation from the Revenue Oversight Committee that the ACC request an economic impact statement on a Department of Revenue Liquor Division rule concerning storage of beer and wine. The affected parties reported to the Committee that they had resolved the issue and would recommend that the Department not adopt the portion of the rule affecting them. The result would be no economic impact, so the Committee deferred action on the Revenue Oversight Committee's request.

The Committee also received a report from the Department on the suit filed by the Montana Tavern Owners' Association challenging the Department's emergency rules regulating video draw poker machines.

The Committee discussed with the Secretary of State's Office the centralized agricultural lien filing fees and the conversion to the centralized system.

CONCERN WITH EMERGENCY RULES

The Committee reviewed the incidence of emergency rulemaking since the session. The Committee is concerned about the increased use of emergency rules, and voted to send agencies an advisory memorandum on the use of emergency rules. The Committee intends to review the use of emergency rules over the interim.

DO YOU HAVE QUESTIONS?

The Committee would like to remind legislators that if they have any questions or concerns with agency rules,

they should feel free to contact any member of the Committee or its staff for assistance. The Committee is continuing its practice of sending the prime sponsor or legislation a copy of rules proposed to implement the legislation.

NEXT MEETING

The Committee plans to hold its next meeting in early September.
